

.....Where Learning is for Life.....

Your Providers of Continuing Education Units (CEUs) for Continuing Competence, Professional Development, and Health & Wellness

Learning Partners is owned by two occupational therapists who are experienced clinicians and clinical assistant professors in a professional OT program. Learning Partners has organized and delivered “after-work seminars”, staff development workshops, and full-day workshops & symposia, granting CEUs to several professional disciplines at many local and state events over the past 11 years.

The **mission** of Learning Partners is to provide accessible, quality, and affordable educational sessions; our vision is to be the **best local provider of continuing education and professional development** while supporting our health care community in achieving **excellence in health and healthcare**.

The Learning Partners Difference

There are many organizations that award “CEUs” that do not fully adhere to the standards to which they are held, while some award CEUs merely based on attendance. This has led to consumer misunderstanding and distrust of the value of the CEU in general. When assessing the quality of a continuing education program, it is suggested that the course CEUs follow the high quality continuing education standards set forth by IACET, NYSED, AOTA, APTA, NBCOT, ASHA, and many other professional bodies.

- Learning Partners has been an **Authorized Provider of the Continuing Education Unit (CEU)** by **IACET** for over 11 years and successfully passed a rigorous review for **reauthorization** status in 2014. IACET is considered to be the **gold-standard** for CEU delivery and is recognized by **AOTA, NBCOT, APTA, AHSA** and many other professions as evidence of quality continuing education. For more information on IACET, visit www.iacet.org.
- The Learning Partner IACET CEU is recognized by the **New York State Office for the Professions for OT/OTA NYS licensure requirements.**
- Learning Partners gained recognition in January 2010 by the **New York State Education Department's State Board for Physical Therapy** as an **approved provider of physical therapy and physical therapist assistant continuing education**.
- Learning Partners has also been an **Approved Provider of CEUs** for Athletic Trainers by the **Board of Certification (BOC)** since 2007.
- Learning Partners uses **Assessment of Learning** to exemplify the high standards and achievement of learning for **each event**. Thus occurs via case study, hands-on competency check-outs, pre-test/post-test, group work, and other methods.

Please contact Learning Partners for your **continuing education needs** or to be a **presenter....and thank you for choosing Learning Partners→ it makes a difference!!**
